PROFESSIONAL SUMMARY

Computer Science student passionate about software development and modern web technologies. Experienced in building responsive applications with strong problem-solving skills, quick learning ability, and practical exposure to real-world development tools and workflows.

EDUCATION

Bachelor of Technology in Computer Science & Engineering

Chandigarh Engineering College, Jhanjeri

CGPA: 8.07 | 2024 - 2028

Senior Secondary School Education

D.K. College, Dumeraon, Buxar

66.8% | 2023

Secondary School Education

High School Sikathi, Buxar

81% | 2021

PROJECTS

NotesBhejo – Notes Sharing Web App [🔗](#)

- Built a web application to create, manage, and share notes online. Focused on simplicity and responsive design for seamless usability.
- Tech Stack: Next.js, React, Tailwind CSS, Prisma ORM, Neon PostgreSQL, Cloudinary, Next.js API Routes

Vault – Secure Password Manager [🔗](#)

- Developed a full-stack password manager web application for securely storing and managing user credentials. Implemented password encryption, authentication features, responsive UI components, and database integration for secure credential management.
- Tech Stack: Next.js, Express.js, React, TypeScript, Tailwind CSS, MySQL

SmartShield AI – Spam & Phishing Detection System [🔗](#)

- Built an AI-based web application for detecting spam, scam, and phishing messages using machine learning. Implemented TF-IDF vectorization and Naive Bayes classification with a responsive frontend and Flask backend.
- Tech Stack: Python, Flask, Scikit-learn, HTML, CSS, JavaScript, Pandas, NumPy

SKILLS

- **Technical Skills:** HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Node.js, Express.js, MySQL, MongoDB, Prisma ORM, Git, GitHub, Bootstrap, Java, Python, C++
- **Soft Skills:** Communication, Teamwork, Group Discussion, Problem Solving, Time Management

CERTIFICATIONS

- **Database and SQL** — Infosys Springboard [🔗](#)
- **Basics of Flutter** — ThinkNext Technologies [🔗](#)
- **Web Developer Internship** — Codec Technologies [🔗](#)
